

Highlights of the Week

March 3rd – 7th

These are the students and staff responses to the question of what stood out the most this past week.

Shane: “I took a lot of pictures this week. It was yellow, Pee Wee’s birthday.”

Brad: “Riding in the car to the park.”

Haley: “I started playing my bass more, watched two great movies and I also wrote songs.”

Kelly: “Doing a complete overhaul of the art room with Grace, Danielle and Elizabeth. It feels so good to clean and organize our creative space.”

Lily: “The park...and I brought in my new scooter.”

Corri: “My friends and I wrote some songs.”

Lori: “I went to the park. I played with Shane and Lily on Webkins. I’ve been reading a lot of stuff at school and I’m doing my helping hands really good.”

Elizabeth: “Helping to clean the art room and looking at photos with Norma.”

Danielle: ”Writing songs.”

Tristan: “I rode a scooter and I went to the park. I love the spinning ride!”

Diane: “I had fun suspending an egg in water for a science experiment with lots of the students. I also enjoyed watching Haley, Katie and Corri give a magnificent tour to a family from a Sudbury School in the Netherlands.”

Grace: “Cleaning out the art room and learning new skills in my CPT math class with Diane.”

Katie: “Writing songs and playing the guitar with friends.”
